EMH&T Engineering Updates 12-18-17

Sims: We'll kind of cover some of the projects, where we're at right now exactly as we move in to the new year; our capital improvement projects this year are wrapped up; the only one with remaining paperwork to do is the street program; we just finished what we're going to do with the towing path parking lot; actually, I just dropped off all the papers on Amanda's desk this afternoon so they will be there for her when she is in; we'll finish up the surface coat of asphalt and the lighting and landscaping with the 2018 street program; I met with Mr. Spencer regarding the 2018 street project; we are getting everything finalized there; it is our intention to put out the bid right around February 1st; pretty much the same time as the Gender Road phase 4 project; it might be beneficial to have contractors bidding on both like work basically; the street program will be primarily High Street from the railroad tracks to 33, resurfacing; we're going to try to get in a little more sidewalk too to help fill some of that gap between the railroad tracks and the first piece of public walk closer to Pfeifer Drive; there is kind

of a piece from the railroad up to what we call West Hocking Street, that private drive there; from a residential standpoint we'll be working on the early courts in Ashbook; the early phase is there; Bruns, Burgstresser, Creek, Heffley, Ashlar, Atwell, Brick, Clay Court east and west, and Saylor Court; basically the intention there is to try to work on the perimeter so that we can work our way out as we progress with the work; that way we're not running back over to new projects to get back into a court; additionally, we will also hit some of the more main drives like Embers, Jenkins, Murdock, Walnut at the very north end, those four streets on the hill, there has been issues over the years with some trench issues up there and so forth; there is some pavement stuff there that needs to be taken care of; again, that main extremity allowing us to work our way back to the subdivision ultimately over the next several years; we'll include our sidewalk program as well which will extend down Washington Street toward Washington Knolls; hopefully include a good bit of that subdivision; completion of the towing path parking lot; we're going to address some bike path conditions; we've done sealing over the years periodically; we're going to go back and seal Dietz Drive bike path and then make the turn on to Thrush Drive at least up as far as Foxhill; there's really extensive root damage to the path up through that area; trying to make some repairs there and then overlay the whole thing with a thin coat; also, a condition that has been developing here over the last year and a half particularly on Buckner Drive in Westchester; it's kind of the extreme end of that court there, the last couple hundred feet; they are having a base failure right in the middle of the road; we're going to get that taken care of; also, our general items that we do every year; we make the striping improvements city wide, crack filling, pavement rejuvenation, we recently placed asphalt on a number of curb and pavement repairs in various locations; some associated with water repairs and things of that nature over the last year; and also just deterioration; that's kind of the gist of it at this point; hopefully we will have favorable bids ; combining this with the Gender 4 project should be able to give us some very competitive numbers for next year; with Gender Road we met last week with utility companies to see how they're progressing with their potential conflicts; I guess the good news is there were no surprises; there were no significant conflicts; there were a couple close things that we're going to have them look at a little bit closer just to be sure that we're able to deal with it; nothing that looked like it was going to require any redesign on our part; South Central Power, who had the most significant amount of work actually are prepared to start work early to mid-January on their relocation efforts and they're intending to be complete right about April 1st; which is exactly what we asked them to

do; so that's good news; we'll also be meeting with the railroad in early January to do a walk through in the coordination of that project with the Gender Road work as well; the design is pretty much about wrapped up; EMH&T will be delivering that to them shortly if they haven't already; getting ready to start in the spring is the Columbia Gas pipeline; they'll be replacing their B1-11 through the city which kind of runs north of Meijer, through Canal Pointe, across Winchester Pike, and Gender Road at Wyler; that's a massive project for them; we have a lot of right-of-way permitting so far to do with them; several road crossings they will be performing by Bore; they are looking at March of 2018; everything seems to be going on that timeline at this point; so we are pretty much prepared completely for that; private stuff, they're still working in Canal Cove section five; if the weather would stay favorable for a few weeks they might be able to get the drain tile in; or maybe a curb, but it's really almost kind of day by day at this point; we're going to be doing a CO inspection at the Macintosh facility this coming week; everything is about wrapped up there; site wise everything looks very good; you've probably seen the new section of bike path that is in there; New Faith Church has begun construction there on Thrush Drive; I think they started on building construction as their site work now; Brew Dog Hotel work is under way; utilities are just about done; as far as waterlines in but not tested and they're working on sanitary; hopefully in the next couple weeks all the underground should be finished with that' Winchester Ridge Phase three will probably be coming along this winter; at least getting the utilities done for that project;

Walker: I've had a few people ask about the noise wall; is that still 2021; Sims: I have not heard anything new at all on that; they made a couple revisions and had a plan review process they went through there that was not very significant; no change in the timeline at this point;

Bennett: with the phase four project for Gender Road, are we 100 percent relocating the power lines; originally we talked about two plans, one that had an island; Sims: we are moving the powerlines; Bennett: the powerline are being moved, correct; Sims: yes, that massive pole that is there will be replaced with another massive pole at a different location; it won't be right on the edge of the pavement like that; Bennett: I just wanted to confirm because I hadn't seen the plans and I wanted to make sure we were moving on this;

A RESOLUTION TO APPROVE THE DISTRIBUTION OF 2018 BED TAX FUNDS

Attachments: [2018 Bed Tax Grant Funding Recommendations](#)

Bennett: Mr. Jarvis and I met with Mrs. Jackson two weeks ago and went through very spirited conversations over how to sort of slot this funding; I know there has been some conversation, Mr. Clark you mentioned that you had some questions about the Scioto; Clark: yea, River Valley Cycling event; it is a pretty huge event that will impact our community; there are twelve thousand riders in this event and this is the first time they've moved the location from where it was to our area; we've one hotel and two more coming and possibly three; that in itself, filling that up one night would pay for the money that I think we could give them; I would love to see that bumped up to at least \$1,000.00 to make a bigger splash than \$500.00 if that's possible; Bennett: Mrs. Jackson, we had decided we were not going to exceed the \$20,000.00 limit that we had set originally; but I know we had some funds returned from last year's grant process; Jackson: yes, we had just over \$1,200.00 returned between two different programs of unused funds from 2017; Bennett: Mrs. Jackson, do you have any concerns about us maybe putting that money back in the cycle for next year; Jackson: no, as I stated at our meeting we have enough money in there if it's council's desire to fund any of these programs fully or all of these programs fully, it would just require an appropriation amendment after the first of the year; Donahue: I see we gave \$500.00 to the Brock Strong, I would like to see that bumped to \$1000.00; the Brock Strong baseball competition brings a ton of people to town; Bennett: some of the conversations that we had that it is great to donate money to that; we all thought it was a very worthwhile organization; the challenge was, we're supplying funds for them to fundraise on top of; it is basically us granting money for them to raise money; so we are kind of supplementing their program; and I think we were trying to be cautious not to get caught in the habit of doing that; Donahue: but it's the same thing; discussion ensued; Bennett: I can tell you that we had discussions over maybe revamping our guidelines for this process next year to sort of have clearer guidance for us internally on how we'd like to allocate these funds; Donahue: I didn't know if you'd go additional or you had to go Peter, Paul to put it there; that would have been my exchange; Bennett: would you like to borrow or make it additional; Donahue: do we need to borrow; Jackson: you can do either Mr. Donahue; you can either borrow it or I can come back to council with an appropriation amendment after the first of the year; Donahue: I won't be around after the first of the year; are you guys going to do it after I leave; after the

first of the year is what I would suggest; Bennett: appropriations amendment, yea I'm fine with that; Mr. Clark were you asking to bump the Scioto Valley to the full amount; Clark: no, I think that \$500.00 is good; Bennett: we had \$1200.00 returned from last year's process so we are technically still under; Walker: so we'll move both of these to the first of the year; Jackson: none of the money gets paid out until after January 1st anyway; I will bring an appropriations amendment at the second meeting in January, I'll have them pass it on first reading and I'll cut the checks; Donahue: so do we need to pass this resolution this evening; Jackson: we don't have to but it's typically what we've done; Donahue: what would you have us do; Jackson: I'm okay with it either way; like I said checks won't get cut until the middle of January; Bennett: I guess we'll just do it next year; Jackson: so you want to carry this over; because I know one thing you don't like to do is carry legislation over; Walker: let's carry it; Bennett: yea, it would make a cleaner start to the year; here's my concern is having this discussion all over again; if we pass it tonight; I would like to pass it tonight with the amendments; Donahue: it's up to you guys; Donahue: I'll forward it to full council; Jackson: just for my clarification we're bumping up Brock Strong and Columbus Outdoor Pursuits each to \$1000.00; Bennett: correct; Jackson: so the new total will be \$21,000.00; Bennett: yes

A motion was made by Donahue, seconded by Bennett that this Resolution be forwarded to full council. The motion carried by the following vote:

Yes: 4 – Donahue, Bennett, Clark, Walker

A RESOLUTION APPROVING THE MAYOR'S APPOINTMENT OF MICHAEL VASKO TO SERVE A FOUR YEAR TERM AS A MEMBER OF THE PLANNING AND ZONING COMMISSION EXPIRING ON DECEMBER 31, 2021

Mayor: it's the reappointment of Michael Vasko who has actually been on Planning and Zoning but it's been several years; probably fifteen or sixteen anyway; he does a great job; I want to reappoint him for a four year term;

A motion was made by Bennett, seconded by Donahue that this Resolution be forwarded to full council. The motion carried by the following vote:

Yes: 4 – Bennett, Donahue, Clark, Walker

[RES-17-025](#)

A RESOLUTION APPROVING THE MAYOR'S APPOINTMENT OF MARK CAULK TO SERVE A FOUR YEAR TERM AS A MEMBER OF THE PLANNING AND ZONING COMMISSION EXPIRING ON DECEMBER 31, 2021

Mayor: I would like to appoint Mark Caulk to a four year term as a member of the Planning and Zoning Commission; Mark Caulk has over 40 years of experience in commercial construction industry; his strengths include every aspect of project development, construction expertise, he also has vast experience on various projects and industries including manufacturing, retail, healthcare, entertainment, multi-family education and government; Mark is currently Executive Vice President of Construction at Brexton Construction Company; he brings a lot to the table

A motion was made by Bennett, seconded by Donahue that this Resolution be forwarded to full council. The motion carried by the following vote:

Yes: 4 – Bennett, Donahue, Clark, Walker

[RES-17-026](#)

A RESOLUTION APPROVING THE MAYOR'S APPOINTMENT OF JAMOYA COX TO SERVE THE REMAINDER OF AN UNEXPIRED TERM AS A MEMBER OF THE LANDMARKS COMMISSION EXPIRING ON DECEMBER 31, 2018

Mayor: Jamoya Cox is the co-owner of Peacocks Learning, child care, tutoring, educational and mentoring service located here in Canal Winchester; this is for an appointment to Landmarks Committee; Mr. Cox has over twenty years of experience in project management including recommendations for educational facility planning, urban housing development, and downtown revitalization; Jamoya's work with the latter resulted in the development in the downtown revitalization plans for Canal Winchester and the city of Bellefontaine, Ohio; Jamoya is passionate about community development and believes that there are always opportunities to improve upon; with your approval I'd like to appoint the three mentioned;

A motion was made by Bennett, seconded by Donahue that this Resolution be forwarded to full council. The motion carried by the following vote:

Yes: 4 – Bennett, Donahue, Clark, Walker

Items for Discussion

Bennett: I did have a couple of things; I was looking through previous minutes; there was a resident that came in talking about the lighting at the Macintosh facility; was there an update on a resolution for that; Haire: yes, there are a number of changes that have been proposed; I don't know if they're complete or they will complete sometime this week; they reduced the size of the lights; they are actually forty percent less bright; they have redirected some of the heads; the LED's are all contained within a structure, it's a big flat; they redirected the tilt in some areas and they are also constructing shields; we have final inspection tomorrow afternoon; we'll look and see if that's been completed; Bennett: a resident that came in about flooding a while back; I think it was out here in the meadow where we had done some regrading; was there any resolution to that; Peoples: gave him my business card never heard back; Bennett: I was looking through and trying to do a little research into Civic Clerk software; I really didn't find too much; one question that I did have though is as we are looking to find new software and new conveniences; I don't know if this is something that is needed or not but I was just curious; Sargent Cassel is there any software that we need as a city that would have the sheriff in any capacity; I didn't know if they have any forms that they have to fill out if they need to be digitized or if there are any efficiencies to aid in their duties; Cassel: our county IT helps us out with all that stuff; Bennett: Okay, so that's provided by the county; Cassel: yes; Bennett: I didn't know with our contract whose role that was; I just wanted to follow up from our side to help approve with efficiencies because we're always talking about manpower

[17-276](#) ZA-17-006 Recommendation from Planning and Zoning to consider a Zoning Text Amendment to Chapter 1181.06 Keeping of Agricultural Animals in Non-Agricultural Districts

- ***Set Public Hearing date***

Jackson: 17-276 we received the recommendation form Planning and Zoning to consider a zoning text amendment to chapter 1181.06 keeping agricultural animals in non-agricultural districts; we need to set public hearing date; and would like to do so for February 5, 2018 at 6:30 pm;

[17-277](#) Invitation from Madison Township to Appreciation Breakfast

Donahue: we have an invitation from Madison Township to an appreciation breakfast;

Mayor: It's my pleasure this evening to present a couple of certificates to a couple of outstanding citizens in the City of Canal Winchester; the first one goes to Bobbie Mershon; a certificate of appreciation in recognition of twenty-eight years of service to the City of Canal Winchester as a member of city council; signed Michael Ebert, December 18, 2017; thank you Bobbie; the next one goes to, a certificate of appreciation in recognition of twelve years of service to the City of Canal Winchester as a member of city council, Steve Donahue; signed Michael Ebert, December 18, 2017; Walker: and also your colleagues on council would like to thank you for your years of service for the City of Canal Winchester; you both have been a great asset; presenting gifts to Mrs. Mershon and Mr. Donahue;

Donahue: we're going to amend the agenda before we do the public comments to move Ordinance 17-060 to right after public comments; we need to do that to have Mrs. Mershon vote on that so we have a quorum because she is very sick;

A motion was made Bennett, seconded by Walker to amend the agenda Ordinance 17-060 to right after public comments. The motion carried with the following vote:

Yes: 5 - Bennett, Walker, Clark, Donahue, Mershon

F. Public Comments - Five Minute Limit Per Person

Nat Floyd, 6754 Bigerton Bend: If the members of Cherry Landing could please rise; please not that I also have dozens of other signatures here for folks that could not attend tonight for one reason or another; first, we as the community of Cherry Landing would like to thank everyone for their time this evening; we're here tonight to ask council to table ordinance 17-060; the rezoning of 4.7 acres from AR1 to GC; as it has been observed over the last two council meetings, this topic along with the extension of Bigerton Bend has brought out many comments from the community; we have all heard the concerns of the decreased property values and other items, but mostly the safety of the children; we will talk about why we'd like an opportunity to find another solution; please note, we are asking to table the zoning request and not deny it; the residents have

reached out to Crossroads Church to find a solution that not only satisfies the city's need to alleviate church traffic on Sunday's but also address the numerous concerns of the residents of Cherry Landing; the church has graciously agreed to look at other options but needs time due to the holidays; the residents have even presented another option that will handle the flow of traffic that is brought on by the church without having to complete the road; please we would like to pass out maps to council; seventeen years ago there was a vision that all the land between the church and Cherry Landing was going to be a large community; times have changed and that plan has also changed; what has occurred since those plans were drawn on an empty map has been significant; a tightknit community evolved out of Cherry Landing; neighbors have come to know each other and understand that there are children playing constantly on the street; we know that as you approach the gazebo area to slow down just in case the latest homerun from a game of kickball goes bouncing into the street; we know that on any given summer weekend the ponds will be surrounded by those trying to catch the big one; parents are out on a bike ride with their children as they lead the way; our four legged friends enjoy the new smells that seem to be at every single tree; just like the original plans have changed so has the community; some may ask why table this; give the community, the citizens of this great city a chance to work with the church and the city to find an acceptable solution; if the vote is delated it affects no one; all the delay does is allow time for the completion of a win, win, win, situation that benefits the church, the city and the residents of Cherry Landing; once again we stress that we are no asking you to deny this, but rather table it; give us the time to work with the church and city leaders; the timing of this over the holidays making it a challenge, hence the request for the delay; you the council have a great opportunity here to do something that most never do; and that is to make a positive statement about what really matters to the community by allowing us to work and partner as one; delaying this vote does not stop the church from building the new sanctuary; what harm comes from giving us, the community of people that live here, a few weeks to explore options we are presenting to the council this evening; once again while the issue in front of council this evening for the rezoning of AR1 to GC you can see that there are many unresolved questions that tie into this request to rezone; due to these questions and many others we kindly ask you to table the vote; thank you;

Tim Moore, Lead Pastor, Crossroads Church, 11573 Lithopolis Rd: I came here today, as you guys are going to be reading and voting on the rezoning of the 4.7 acre parcel right on Gender Road; we are requesting that you do move forward with approving that zoning; we feel that it is in the nest interest for ourselves and we believe as well, that will be up for you guys to vote on, in the city's best interest to have that front road acreage along Gender Road to be commercial; to match the rest of the commercial corridor that you see on Gender Road; we get approached and have been approached several times by apartment home builders that have asked to buy our property, that twenty-eight acres to put up apartments and things; we've never been interested in that; we want to put our facility up on that property; but we do have enough property to sell some of it to recoup some of the cost with development that we have; we are asking for this to be rezoned commercial; we believe it will be the most benefit to the city and what it brings in from a tax revenue basis; as well we think it will be the best for property values; not only for ours but for the residents and everyone in Cherry Landing and the surrounding areas; this is something we are asking for the council to do; if the council decides that they don't want that to be commercial then we can move forward with selling it for apartments or condos; that's not our desire and I wanted you guys to know that; we have every intent to be a good neighbor; we have met and are continuing to meet with the residents of the neighborhood in the back; and we want to try to do whatever we can to satisfy the desires and requests of the city as well as try our best to be great neighbors to those who are behind us; I'm asking you guys today that you would approve what has been submitted for rezoning; thank you;

Joe Miller, Executive, Pastor Crossroads Church, 10951 Lithopolis Rd NW: It is absolutely true, I have met or we have met with the Home Owner's Association at Cherry Landing and I am excited to explore kind of maybe if there are options that are there for potentially doing something that will benefit both parties; but at this point in time, you guys are not here tonight to necessarily talk about the road; and I know you know that; the vote tonight is for the rezoning of that 4.75 acre parcel which is at this point what needs to be discussed; the road is the road so I don't know how to say it any other way than that; there has been a lot of discussions, years of discussions between us and the city; regarding the road, there's actually members of Planning and Zoning here tonight that have been part of those discussions with us; it's a large undertaking for a church, a

charitable organization, to put that kind of money into a road; and let's face it, a bridge over a four foot ditch; but at this point what we're talking about tonight is not the road, it's not the bridge, we're talking about rezoning of the front 4.75 acres; which I think we can move on with that; there's no reason at this point we want to continue to meet with the HOA as well as the city to look for a solution; if there is a possible solution; something that would make them happy, us potentially happy and the city happy; but at this point for us we need to move forward with that rezoning of that acreage as we have obviously different people involved in line with what we're trying to accomplish with that 4.75 acres; so we would prefer not to delay that or table that if it's at all possible tonight; that's all I have;

Cory Eller, 6538 Cherry Bend: the question regarding the rezoning and that's wanting to sell that property as well; so, that just becomes another issue once that property is sold; for us to deal again with that road going through; and dealing with whoever that's sold to; so, I think that still the zoning needs to be discussed as far as that; it still makes it an issue;

Mershon: if we would table that what happens to the rezoning; isn't it automatically approved because we're past our timeline; Haire: that would be a question for Gene; we have forty-five days from the date of the public hearing to make a decision; the public hearing was held on November 6th; Hollins: we make every effort to either vote within that forty-five days or only table with the request of the applicant; technically we need four votes to do anything; I've never taken the position that things pass council by default; with the applicant stating their desire to have a vote we really need to; my thought would be to take a motion, take a vote;

Donahue: once again I want to point out, just as the gentleman said, one of the pastors, this is on zoning and rezoning and not on the road; it's on going from apartments to commercial; Mershon: after looking at all four of the criteria for rezoning there is not one criteria that does not meet for rezoning; Walker: in order to stay in compliance with the Ohio ethics commission and legal counsel I have to abstain from the vote as I have a family member that's a pastor at the church;

Fairfield County Sheriff

Cassel: Calls for service 251; multi-unit calls 120; reports taken 57; traffic stops 46; citations 57; total arrests 19; summons in lieu 8; and if you're wondering how you have more tickets written than traffic stops, sometimes when you get stopped you get several tickets;

Law Director

Hollins: Happy Holidays to everyone; Mr. Chair thank you for your service; you will be missed; we do have a court hearing tomorrow regarding the changes with the net profits law; I fell that we have a good basis at least temporality have that put on ice; and then work with the judge on the merits of the case as to whether it was legal or constitutional; more to come on that; I know that you

have basically cleaned the slate for the new council coming on board; that's great; you can actually carry over legislation but it's always nice to start with a clean slate; well done and have a great new year and everyone enjoy their holidays; no need for executive session;

Peoples: just a couple of things from the last council meeting; the Gender Road phase four, we have our final set of plans that we're reviewing now; for the project as a whole we are tracking on budget for that; just a reminder going into next year that OPWC denied the extension of the trail from its terminus out to basically where Walnut Street is; which is roughly \$200,000.00 and that also did not include the railroad upgrade; we will be addressing that as we move forward with the project; it will have to go through an appropriations process; capacity fees, we were reviewing those; we've made an analysis of our fund balance and checked against other area capacity fees and we are still in line; we are moving forward with no increases going into next year; Clark: can we reapply for the \$200,000.00 or is that gone; Peoples: that's all gone; we were the last one to be funded; we weren't completely fully funded; we were left with a share that was not there so our original loan and grant, our grant was shorted but we got extra loan to put towards that; Clark: but we'll be responsible; Peoples: we'll be responsible for that portion of it; that did include some extras water line work as part of that while we have the road tore open; that was included in the budget, the water line numbers, so the actual numbers for Gender Four didn't reflect

that over and above OPWC;

Development Director

Haire: I received a number of applications today for the Planning & Zoning meeting in January; one of which is a final development plan for Westchester section fifteen which will consist of forty-six lots that is just northwest of the intersection of Gender Road and Lithopolis Road; we also received a rezoning request at Lithopolis, Oregon, and Hayes Road for seventy-nine acres; and a preliminary development plan application on behalf of Westport Homes for 194 homes there; we also received a final development plan for a ninety-three room Hampton Inn which is being propose don W Waterloo Street between Fifth Third Bank and Aldi; so we'll be hearing all those at our meeting; Bennett: the 194 homes is where again; Haire: It's on Lithopolis and Hayes Road and also on the corner of Oregon Road; Bennett: lots of resident comments tonight about the zoning change and I think Mr. Miller who spoke summed it up best basically; If I'm correct, the applicant has established the plans; but if the applicant wishes to make a new set of plans and work with the city, if the residents and the church work together they can submit a new set of plans that's something that they have the right to do, correct; Haire: yes; Bennett: but currently the way everything stands the church has approved plans and if there's any change it really is led by the applicant; if they come in and want to work with you and the mayor and sit down and have those discussions that something that I would assume would be had in your offices; Haire: correct;

J. COUNCIL REPORTS

Organization Meeting TUESDAY, January 2, 2018 at 6:00 p.m.

Work Session/Council TUESDAY, January 16, 2018 at 6:00 p.m.

CW Human Services Representation – Clark: nothing new to report

Destination: Canal Winchester Representative – Donahue: Mrs. Mershon is not here

Canal Winchester Industry and Commerce Corporation Representative – Clark: we've got a meeting January 31st at 11:30 in the Interurban building

CWJRD – Bennett: we have our final meeting of the year this Wednesday at 7 pm here in Town Hall

Old/New Business

Bennett: Before we close tonight I would like to take a minute to recognize Mr. Donahue and Mershon, Mrs. Mershon isn't here and I will have to catch up with her later; for your long standing service to the city; they've both served with great passion; their leadership and guidance has really helped to stage and shape the community and make it the place that I'm proud to call home; I would like to personally thank you and Mrs. Mershon; for the record, it has been a privilege and an honor for me to serve with both of you; I've learned a great deal working beside both of you for the last four years; we have one other gift from all of us here at the city council; again. We'll have to get Mrs. Mershon hers; we wanted to present you with this as well; this is a map of the community and its representative of your impact; it reflects the community that you have helped build and the people you have touched;

Donahue: thank you; just to say a few things, I've enjoyed it and I take my hat off to the people that come because it's not always easy; but the people that run, I know you may not think it 100 percent of the time, but they care and I wish the new people the best; thanks; motion to adjourn;

Mayor: I just want to thank Bobbie Mershon and Steve Donahue for their many year combined (forty years of service I think); I especially appreciate it; Steve is the one who got me started in public service; I've loved every minute of it along the way; and he's showed me a few tricks of the trade along the way and I appreciate that; thank you very much;

Walker: we've done everything in the world to try and talk him into staying; he is truly an amazing man;

Donahue: thank you, thank you; I so move to adjourn

Yes: 6 - Lynch, Coolman, Amos, Bennett, Jarvis, Walker

F. Council Committees and Appointments

Rules Committee (Chair, Vice-Chair, Member)

Jarvis: in executive session the following was determined by the group; Rules Committee the chair will be Mr. Lynch; the vice chair is Amos; and member at large Mr. Coolman;

Canal Winchester Human Services Representative – 1

Jarvis: one representative; Mr. Lynch will be the primary; myself the chair will be the alternate in case Mr. Lynch is unable to attend;

Destination: Canal Winchester Board Member – 1

Jarvis: also one representative; Mr. Walker will be the primary and Ms. Amos will be the alternate if needed;

Canal Winchester Industry and Commerce Corporation Representative – 1

Jarvis: there is one designated as we understood to be an automatic board member; that would be Mr. Clark; and desiring a second if the CWICC will bring them on as a member would be Mr. Coolman; We're shooting for two representatives; Jackson: just to clarify the CWICC bylaws do not give council the power to appoint directly to their board; you are merely appointing a representative to their membership and then their membership chooses their board; Jarvis: so noted;

Canal Winchester Joint Recreation District Board Member – 2

Jarvis: two members; Mr. Bennett and Ms. Amos will be our representatives;

Type/Purpose of Proposed Facilities:

Verizon, through its wholly owned subsidiary MCImetro Access Transmission Services Corp. d/b/a Verizon Access Transmission Services ("MCImetro"), is planning to construct a fiber optic communications network in the public rights-of-way of your community. MCImetro became a wholly-owned subsidiary of Verizon by virtue of Verizon's acquisition of MCI in 2006. MCImetro is a competitive telecommunications company, authorized to provide telecommunications services throughout the State of Ohio.

Description of Proposed Facilities:

MCImetro intends to offer one or more of the following services to business and government customers: competitive local exchange, voice and data communications services, internet access, private line service, cell site front-haul and back-haul capacity using fiber optic cables, and leasing of conduit and dark fiber to third parties as well as future services when they become available. At this time, MCImetro does not intend to offer services to residential customers. MCImetro will not offer residential cable TV video service or personal wireless service.

MCImetro will deploy fiber-optic facilities to existing and new cell site locations, as well as, business customers within your community. MCImetro plans to deploy fiber only to cell sites located on existing structures, such as cell towers, buildings, water towers, or parking garages. No new structures are planned. Fiber-optic cable will be installed within the public right-of-way either underground within conduit or aerial upon poles. MCImetro has no plans to construct, own, or operate any wireless equipment anywhere within your community. Verizon Wireless will be working separately with your community with respect to any plans Verizon Wireless might have to deploy wireless equipment within the community limits (whether in public right of way or on private property).

Mayors Report

January 16, 2018

OACP Advisory Services:

Amanda Jackson and I met with Craig King of the Ohio Association of Chiefs of Police Advisory Service on January 8th. This meeting was a follow up of the 2017 meetings with OACP and of a request from council last year to look into what it would take financially for the city to start and sustain a City police department. With this discussion and the costs associated to do so, we thought it would be best for council to hear firsthand from Mr. King and his colleagues. Amanda Jackson and I are recommending a COW meeting for January 29th with them leading the discussion.

Rickenbacker Master Plan:

I attended the Rickenbacker Master Plan Update Briefing along with Lucas on January 8th. The plan covers several areas of interest to keeping Rickenbacker Airport and Freight business viable for many years to come. Areas covered were, Aviation Forecast, Facility Requirements, Airport Alternatives and Project Schedule.

Consumer Awareness Workshop:

I ask Amanda Lemke to look into a consumer Awareness program for our city residents to attend. That said, we will be hosting a Consumer Awareness Workshop on February 28th from 6:30pm to 8:00pm at the Community Center and will focus on consumer protection, areas such as Tax & Imposter scams, Job opportunity scams, Phishing Scams and more will be discussed. An educator from the Ohio Attorneys Generals, Consumer Protection office will present the program. Additionally, the Fairfield County Sheriff's Office will have a representative on hand to answer questions.

National Barber Museum:

The National Barber Museum will be holding a ribbon cutting & open house on Saturday February 3rd at the location of the Barber Museum 135 Franklin Street next to the Columbus Metropolitan Library. Exact time is to be determined but likely will be early afternoon.

COUNCIL UPDATE

January 11, 2018

Department of Public Service
Matthew C. Peoples, Director

Project Status:

Gender IV OPWC Project: EMH&T has submitted the 100% plan set and updated cost estimate and we continue to come in as expected (the OPWC grant/loan was \$2,423,406). As has been discussed, with addition of the extended bikepath on Groveport Rd. and the crossing upgrade project sharing with the railroad that is outside the scope of the OPWC project, we will be required to re-appropriate funds once those costs have been determined.

Central Ohio Healthcare Consortium: The COHCC is growing with the addition of the City of Pataskala. This brings our membership total to 11 entities and adds additional credibility in the actuarial process. Also, I have been again voted as chairman of the board of directors; a position I have held for the past five years.

5-Year Capital Improvements Plan: We presented the 5-year CIP and examples of the new CIP Fact Sheets to Council at the October Committee-of-the-Whole meeting. As discussed, we continue to review the Pavement Condition Rating (PCR) report and will incorporate those results in formulating the CIP priorities. Once that is complete we will finalize the CIP and provide to Council.

Speed Studies: We have suspended speed studies until the spring due to the weather.

Greengate Blvd. Project: We are progressing with the Greengate Blvd. design process that includes a 30% design set. The plans are being modified from original plans submitted for a proposed development in the 2000's to accommodate the waterline installation for Winchester Ridge Section III. Ultimately we will have the plans completed for the potential to construct the roadway improvements or have a developer construct them as part of a future project.

McGill Park: We have contracted Bird & Bull to begin the property survey of the park lands. Once that is complete we can begin with preliminary design work. Additionally, we have completed the infrastructure planning for the park with concepts for the water, sewer, and fiber lines currently being completed and continue to work on maintenance/equipment planning.

ODOT Maintenance: Mayor Ebert and I meet with ODOT representatives to discuss maintenance responsibilities of US Rout 33. Not much was rectified, though we were able to identify a few inconsistencies with their position. However, Gene has been working on ODOT's general counsel from a previous meeting and we are working on the possibility of a compromise to share in the maintenance responsibility.
